INDURINE

A COLD WATER PAINT

A SUBSTITUTE
FOR
OIL PAINT
AND
WHITEWASH.

AN EXCELLENT
FIRE
RETARDANT
AND
DISINFECTANT.

Especially Designed
For INSIDE Work on
Factories and Public Buildings.

It is a dry powder which can be pre-
pared for use by simply stirring in
COLD WATER and can be applied by
anyone and will always produce good
work.

It is VERY WHITE, extremely re-
flective and hardens on a wall like stone
and will take any tint.

It will last for years, and is unaffected
by gases.

One coat covers better than two coats
of oil paint or whitewash.

It can be used on any surface and for
all classes of work, even for the finest
decorating.

It will not rub, scale or crack, nor will
it soften with age or discolor.

It will not set in the mixing vessel, in
fact it improves by standing a few days.

It can be used to good advantage over
old whitewash without scraping.

IT DRIES OUT WHITE AFTER
BEING WET.

It is cheaper than whitewash, durability
considered.

It is supplied in barrels from 300 to
400 lbs., also in boxes of 100, 50 and 25
pounds.

OUTSIDE INDURINE!

This is for OUTSIDE Work.

Such as Fences, Outbuildings and La-
borers' Quarters. It is a thick paste to
be diluted with cold water; stands rain
and exposure as well as oil paint, and
costs but a fraction as much. It is fire-
resisting as it contains no oil, and has no
equal as a light reflector in dark base-
ments, damp cellars and similar places.
It is supplied in colors.

Gained in Strength

READ WHAT

Ayer's Sarsaparilla

did for the Invalid Daughter of a Prom-
inent Lowell Tradesman.

"My daughter had for a long time been
troubled with violent headaches and sleep-
lessness. She was pale, had no appetite,
and was losing flesh rapidly. She took
various remedies for her trouble, but re-
ceived no benefit until she commenced using

Ayer's Sarsaparilla. After taking half a
bottle, she began to feel better. By a con-
tinued use of this medicine, her appetite re-
turned, her cheeks began to fill out and show
color, she gained in strength, her headaches
disappeared, she slept better, and now says
she feels like a new person."—F. P. COUGES-
HALL, 6 Lyon St., Lowell.

It is not only in itself a valuable nitro-
genous food, but it has the property of
aiding in the digestion of other proteids,
generally for animals whose digestive
powers are feeble as it promotes appetite
and regulates digestion.

THE LEGISLATURE.

Arrangements Perfected for Its
Sitting.

The program for the opening
proceedings of the Legislature was
arranged at the Government build-
ing this morning. The Senate will
meet in the room upstairs now used
as the Foreign Office. This room
being small, admission will proba-
bly be by tickets which will be is-
sued to the diplomatic corps, mem-
bers of the press and others having
business with the Senate and its
members such as clerks of com-
mittees, etc.

The House of Representatives
will meet in the Council Chamber,
where seats will be provided for the
public generally.

After the committees on creden-
tials have reported and a proper
organization effected, both houses
will assemble in the Council Cham-
ber to hear the President's message
read. They will then proceed to
business.

It seems to be the unanimous de-
sire of the members to hold long
sessions with a view to making the
session as short as possible.

Correspondence.

MR. EDITOR:—

Permit me to ask if it is not pos-
sible to have an arc light put in
the band stand at Thomas Square.
The lamps at present used by the
band are antiquated besides being
dirty and ill-kept, so much so that
it is almost impossible for the boys
to see their music. It does seem
that if the Hawaiian Government
can afford to pay thousands of dol-
lars per month for secret service
and other useless expenditures it
might at least spare few dollars
necessary to put a few electric
lights in a public park as much
frequented as Thomas Square. The
former only benefits those inter-
ested, the lighting of Thomas
Square would benefit the whole
community. A. G. M.
